ABOUT US

Customer satisfaction is our top priority - that is why we constantly aim to improve the quality of our products.

YEARS OF EXPERIENCE

Many years of experience and technical expertise allow us to professionally design and deliver each door.

HIGH QUALITY COMPONENTS

We manufacture aluminium doors from the highest quality materials and innovative solutions.

FACTORY PRODUCTION CONTROL

In order to maintain the highest quality of our goods, we check the components and finished products daily.

EUROPEAN
ALUMINIUM DOORS

Our sliding and swing door systems define interior design with a perfect balance of style, functionality, and individuality.

Each model offers a unique aesthetic - from bold, industrial accents to minimalist lines and timeless warmth. Designed to complement any space, our doors do more than divide rooms - they enhance them.

FUNCTIONALITY AND COMFORT

Crafted for modern living, our sliding and swing door systems combine smart design with everyday functionality. Whether you choose smooth-glide sliding panels or swing doors with discreet hidden hinges, every detail is made for ease, elegance, and durability. With slim profiles and high-quality finishes, these doors save space, add light, and complement any interior.

THE STRENGTHS BEHIND OUR SOLUTION

- Single and double-leaf swing doors
- Top and side lites available
- Slim profiles
- Narrow post and corner post
- 22 mm Simulated Divided Lites
- Hidden hinges (swing doors)
- Smooth and quiet sliding mechanism
- Easy installation
- Low maintenance

LOFT DOORS

STYLISH SOLUTIONS FOR EVERY INTERIOR

The LOFT DOORS are made of narrow aluminum profiles, creating the unique elegance of the doors. That makes them a great match for almost any interior - from cozy traditional to sleek contemporary. The collection includes both sliding and swing doors, offering versatile solutions to suit various design needs.

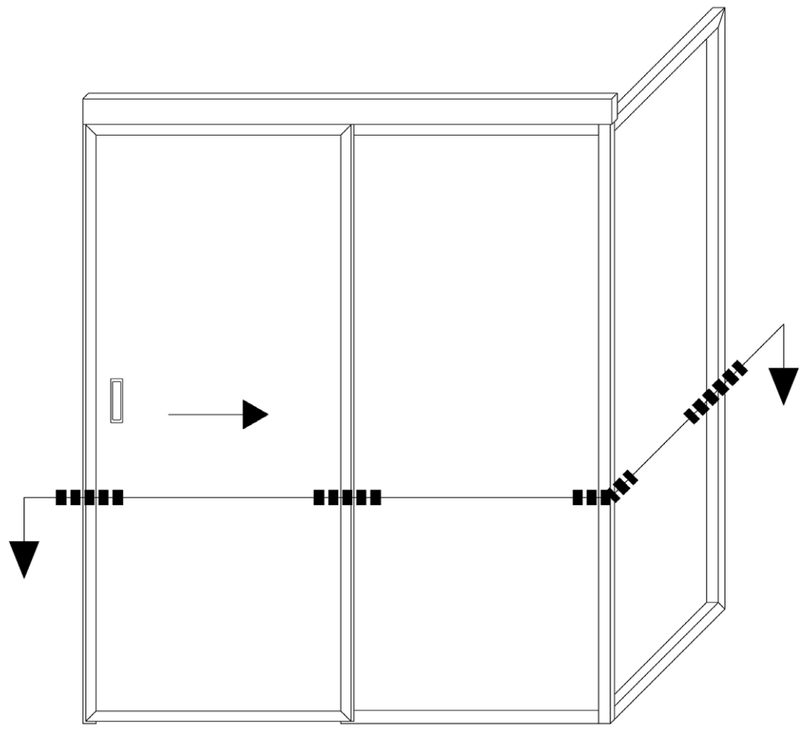

SDL (Simulated Divided Lites) and a variety of glazing options further enhance customization, allowing these doors to perfectly match your unique design vision. **Various colours are available** according to RAL palette.

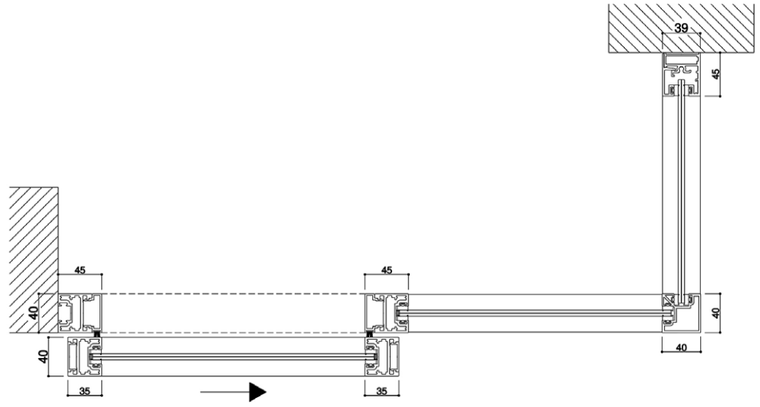

The collection of LOFT doors include:

- Swing doors
- Double swing doors
- Wood-like swing doors
- Sliding doors:
  - CITY
  - SLIM
  - FOLK
- Sidelites

SLIDING DOORS INSTALLATION OPTIONS

LOFT sliding doors systems offer versatile installation options depending on the required configuration.

The tracks can be installed **on the wall or ceiling**, providing flexibility for different interior designs. Some systems also feature a **'pocket' option**, allowing the panel to slide seamlessly into the wall for a space-saving effect.

The table below presents the installation possibilities for the three solutions: **CITY, SLIM and FOLK**.
